FACILITY CONTACT:	Steve South, President (760) 744-5615
APPLICANT:	SANCO Recycling
LEA CONTACT:	Anthony Torres, EHS III (858) 694-2608

As a property owner, tenant, or person who has requested notice, please be advised that the County of San Diego Department of Environmental Health Solid Waste Local Enforcement Agency received and has accepted for filing an application for a temporary solid waste facilities permit for SANCO Recycling. The LEA is certified by the California Integrated Waste Management Board (CIWMB) to enforce state laws and regulations at solid waste sites within the County of San Diego, excluding the City of San Diego.

Description of Proposed Permit: In response to new state solid waste regulations (AB1473), the operator submitted an application for a temporary solid waste facilities permit to continue to operate a material recovery facility accepting commingled and source separated materials. The temporary permit will expire on the effective date of tiered or full solid waste facilities permit issued to the operator of the facility or June 30, 2010 whichever comes first.

LEA Findings: The County of San Diego Solid Waste Local Enforcement Agency finds the proposed temporary solid waste facilities permit is exempted from the California Environmental Quality Act as the facility is an existing materials recovery facility for commingled and source separated recyclables whose process is defined and authorized by State Regulation Title 14 California Code of Regulations, Division 7, Chapter 5, Article 3.1.1. which prohibits any change in the facility at the temporary solid waste facilities permit level.

Where a copy of the permit application can be reviewed
A copy of the temporary solid waste facilities permit application is available for review by appointment at the Department of Environmental Health office located at 9325 Hazard Way, San Diego.
