\*\*Fees quoted are for reports that establish U.S. educational equivalency of college/university-level degrees. This type of report is usually sufficient when a degree is required for employment purposes. Some positions may require GPA equivalency, a course-by-course listing, or additional information, which may require a more complex report at additional cost. Please check with the Human Resources Analyst listed on the job announcement if you have questions about what type of report is needed.
