### SAN LUIS REY RIVER PARK MASTER PLAN IMPLEMENTATION

From: Mark E Massen, Park Project Manager, County Parks and Recreation

To: All parties and individuals interested in the planned San Luis Rey River Park

County Parks & Recreation (DPR) recently began working on the San Luis Rey River Park (SLRRP) Trails Master Plan ([click here to view the DRAFT trails map](#)). This map will be updated periodically to reflect changes to this map.

DPR and Caltrans continue to meet on issues regarding both agencies projects; the County's SLRRP Master Plan implementation and Caltrans' State Route 76 (SR-76) highway project. The County and Caltrans have signed a Memorandum of Understanding that in part states, land that Caltrans acquires for the SR-76 Middle and East highway projects, that is not used for the highway will be offered to the County for inclusion in the SLRRP. To date, adding the land the County has acquired for the SLRRP with the land that Caltrans has acquired for both highway projects within the SLRRP boundary equals about 1200 acres. ([Click here to view this map](#)).

The SLRRP Master Plan and Programmatic Environmental Impact Report can be found at;
